Felt, Cork, Vinyl & Rubber Adhesive-Backed Pads

Adhesive-backed felt pads and strips reduce noise and protect floors, desks, tables, counter-tops and walls. They also serve as cushions / bumpers for doors, drawers and glass. Just peel & stick.

For FLOOR PROTECTION, the 1/8" thick beige felt pads (polyester or wool blend) offer the best durability for use with tables, chairs and heavy furniture. We also offer peel & stick teflon sliders.

The felt nail glides or IEC's teflon sliders (shown in bottom photo) are best for tile floors since the adhesive backed felt pads can get knocked off. For sled based chairs, the hexagon shaped "wrap" will adhere to the rod or over the glide.

The 1/16" felt pads are best suited for crafts, wall-hangings, appliances, etc.

The shopping cart for felt pads is at:
www.levelingmounts.com/feltpadscart

You can order many types of materials, sizes and adhesives not listed here. Allow 24 hour dwell time for adhesive to obtain maximum strength.

For rubber and polyurethane "peel & stick" pads and bumpers, visit IEC's home page.
